

# BUILD YOUR OWN COLLECTION BOX

**1.** Print out this template and glue to a piece of card - this could be an old cereal box! If you print on A3 paper, this will be easier to make and bigger. You can also print multiple and glue them together!

**2.** Cut around the external lines and fold along the internal lines. Cut out the money slot and you're ready to glue! Each tab will tell you where they will go.

**3.** Apply a glue or sticking agent to the tabs that say 'glue here'. You can now assemble your box! It should look like the image at the bottom of the page.
